

# Strategic leadership: preparing for a new academic year

Thursday 22<sup>nd</sup> June 2017

This popular course is a great chance for senior leadership teams to work on planning for the year ahead away from the distractions of day-to-day school life.

Vicky Crane  
Consultant & trainer

Successful strategic leaders force themselves to look beyond the present. They realise that strategy is much more than possessing a plan and requires them to have a strategic mindset and approach. They see ahead, see behind, see beyond and see it through. They see leadership as greater than the individual leader - interdependent, collective and connected. Without this, even the best and boldest plans wither on the vine, their potential never realised. Without strategies, vision is a dream.

This course is designed for two or more senior leaders working together, using strategic tools to consider the way ahead. This is a facilitated thinking and planning day, providing an opportunity to apply theories in a practical way to school issues. **The course provides a great 'away day' for senior leaders to consider school improvement for the coming year** and gives leaders a toolkit to use back in school to support whole school planning. Participants leave the course feeling more confident in their ability to think and work strategically, including having the tools and strategies to support other leaders in school to have greater impact.

An electronic toolkit is provided to support implementation back in school.

Covered within the day are a number of themes:

- Building your visionary capacity
- The roots of leadership and developing a strategically minded team
- Undertaking strategic analysis
- Keeping your feet on the ground and your head in the strategy
- Generating strategic conversations and establishing strategic participation
- Harnessing strategic tools

This course is aimed at:  
Senior leaders attending together

Evaluations from previous courses:

"The training was brilliantly constructed. One of the best courses I have attended in years. I wanted to be challenged and provoked, but also given some new ideas to work with and the day achieved all of this." Headteacher

"A very thought provoking and useful day. Opportunities to reflect on practice and consider action steps to move forward."  
Headteacher
