

Sink your teeth into reading comprehension

Two full days (11th Oct 2018 & 24th Jan 2019)

This is an exhilarating course that has received excellent feedback from schools. It combines research evidence of best practice with practical solutions for use in the classroom. Each day is supported by a range of electronic materials allowing teachers to develop their practice and that of others. Colleagues attending this training have commented on how confident they feel in leading whole school developments and how easy it has been to disseminate the training to others in the school.

Advance your knowledge and understanding of how pupils make progress in developing comprehension and consider how the curriculum and your lessons meet the challenges of Key Stage 1 and 2.

Covered within course are a number of themes:

- Running effective whole class reading sessions and ensuring they have impact.
- Selecting texts to inspire and putting together combinations that will give breadth and depth to the curriculum.
- The 'big 10' reading comprehension strategies - what they are and how to teach them.
- Practical activities that can be used with any book.
- Questioning and improving the quality of book talk.
- Exploring the issues of progression - what difficulties do pupils experience with comprehension and how can we address these problems?
- Reading and disadvantaged pupils. Supporting struggling learners.
- Considering ways to improve pupils' ability to read aloud with confidence, fluency and intonation that shows understanding.
- Addressing the demands of the National Curriculum and tests.

*This course is aimed at:
teachers and English Leaders*

Evaluations from previous courses:

"Extremely useful. The course is already having an impact on reading."

"I feel totally inspired and determined to improve reading."

"Wow! Superb – brilliant ideas that I can use straight away in class. So many new resources which I know will engage the children."

"Everything! It has given me a real boost to think more about how reading is taught and what the children need. Thank you for all the brilliant resources."

Course price (exc.VAT):
£390 for the first delegate
£300 for any subsequent delegates
