

Phase Leadership

Four full days across the academic year

This course focuses on leaders having impact beyond their own classroom and influencing the teaching of others. It supports colleagues to grow and develop their leadership, increase their effectiveness and efficiency, and have the means to evaluate both the quality of their phase and their own leadership. The course provides leaders with a deeper understanding of the issues for their particular key stage and practical solutions to challenging problems. It builds knowledge of teaching and learning so that participants feel confident in leading developments.

Covered across the course are a number of themes:

- understanding phase leadership, including the demands of the role, whole school perspectives and Ofsted;
- influencing and developing the quality of teaching within a phase;
- undertaking school self-evaluation such as book reviews, learning walks, lesson observations, developing stakeholder voice and unpicking data;
- creating and maintaining a vision and fully utilising an action plan;
- using emotional intelligence, and as part of this - inspiring and motivating others, leading by example, holding others to account and having difficult conversations;
- personal efficiency and effectiveness - getting the day to day basics right;
- writing evaluative reports and presenting evidence of impact to others; and
- understanding key national issues, e.g. most commonly cited issues by Ofsted, changes and development in assessment, policy changes.

The course culminates with a celebration event to which Headteachers and Governors are invited.

“Really informative and engaging sessions. The tasks helped me to focus my thinking in terms of phase and school wide issues. Great discussions with Vicky and leaders from other schools which have helped me to plan exact actions going forward.”

“Excellent guidance. Very interesting and informative. As always I’m leaving buzzing with ideas and a plan of action.”

“The chance to plan a focused line of enquiry for monitoring and improving the phase was excellent.”

“The gap task discussions were great. I really enjoyed working through complex problems with the support of others.”

“Vicky’s whole course was outstanding.”
