

Subject Leadership

2-day course for foundation subjects

Middle leaders play a pivotal role in shaping the curriculum and supporting teachers to deliver high quality lessons. This practical two-day course equips leaders with the skills, knowledge and understanding necessary to drive forward developments in foundation subjects.

Vicky has a wealth of experience in delivering inspiring leadership training that has real impact in schools. Headteacher comments: *"I am delighted with the way the programme has developed my leaders...it will have a lasting impact on everyone who has been part of the course."*

Covered across the course are a number of themes:

- understanding why the curriculum is important and being aware of national updates, including the most recent publications from Ofsted;
- understanding the aims and objectives of the National Curriculum and the choices leaders need to make in shaping pupil learning;
- creating and sharing a vision for the subject and having a clear rationale for how the subject is delivered in each key stage;
- mapping the delivery of content - including logical sequencing of units and ensuring progression in skills and knowledge;
- auditing the current position - identifying strengths and areas for development;
- creating a short-term and long-term action plan;
- strategies for turning the action plan into a reality;
- considering how leaders can ensure there is equality of access to the curriculum for different pupil groups;
- working with other leaders to create an integrated pupil experience; and
- considering how the impact of the curriculum is assessed and how assessment information is used to support learning.

"I feel I have a clear vision and know the steps I need to take next as a leader. I feel inspired. Thank you for all your support."

"I liked having time to really think about what I am doing well and what areas I still need to improve. I really enjoyed it."

"The resources really solidified the information and helped to drive all points home. Vicky had some excellent advice and the examples really helped."

"Based on research with real examples. Helps to think more strategically."

"Vicky made the training really enjoyable."
