

Instructional Coaching

Kick start instructional coaching in your school:

The programme starts with school based face-to-face day for senior leaders to help you establish an instructional coaching programme that is right for your school.

- Learn about the research;
- Make decisions and plan the programme;
- Set out the practical actions needed to launch;
- Design an instructional coaching policy;
- Create a strategic plan to harness both the immediate and longer term benefits that instructional coaching can provide.

Through an incremental approach, you can move at a pace that matches your capacity.

Systems and processes:

The support provided equips your school at a very practical level for success. Resources and documentation support coaches and leaders to run instructional coaching effectively.

Coach Training:

Invest in high quality training and equip coaches for success. By completing training, coaches will be able to embody the key principles of effective instructional coaching, create the optimal conditions for impact, and have the confidence they need to operate effectively within a coaching framework. The training covers relationships and emotional intelligence, as well as practical skills such as how to unpack, model and guide teachers in instructional methods. Our coach education programme focuses on a 'deep coaching' approach that ensures coaching has a profound, lasting impact on teachers and their practice.
